

Flexible Sessions

We provide outstanding support for each of our children so you can feel confident about your child's happiness and development.

Whether you opt for full-time provision or a choice of part-time sessions individually tailored to suit your child, you will quickly see your child make progress. Home visits establish strong links from the start, and our team works hard to share with you all that your child has done each day.

We offer excellent out of hours care, as well as sessions throughout the school holidays, making it easier for you to ensure that all-important continuity of care for your child.

Parents can also use employers' childcare vouchers to fund both education and care in The Nursery and Government nursery vouchers are available for all 3-4 year olds.
