G D S T
GIRLS' DAY SCHOOL TRUST

GF/jn/phs
13 March 2018

Dear Parent

I write to outline the forthcoming race for the 'Race for the Line' schools' competition for Year 7.

All of the pupils in Year 7 have been working in teams to design and make a rocket-powered car that will have a timed run along a 30 metre track on the netball courts at our Junior School site, Dovercourt, on the morning of Thursday 22 March 2018.

The timing of the day is as follows:

- Leave the senior school on foot at 9.05am
- Briefing from the race organisers from 9.30am
- Racing from 9.45am
- Return to the senior school for a school lunch at 12.25pm

The whole event is managed by the Dendrite organisation who have provided the materials and race day organisation free of charge. More details of Dendrite can be found here:

<https://www.dendrite.me/>

The team with the winning car will go through to the next round to race against vehicles from other schools.

Please let me know if you have any questions relating to the race day.

Yours sincerely

Mr Graeme Field
Assistant Head – Development
Head of Design Technology
Portsmouth High School
